Bertoneri Marble

Welcome to the Bertoneri Collection of Stone, Marble Surrounds & Fireplace Accessories

Over two hundred years ago, Giovanni Bertoneri began work on his first fireplace.

Since then, the Bertoneri name has been synonymous with the finest fireplaces.

However, the real craft of making a fireplace begins with nature.

Over the millennia, natural processes have created and compressed grains of sand and minerals to produce beautiful marbles, granites and limestone.

At Bertoneri, we do the easy bit, carefully crafting and shaping what nature has created into a beautiful fireplace for your home.

Our collection of stone and marble fireplaces features the latest in contemporary design as well as traditional and classical favorites.
